

HIGHLANDER INTERNATIONAL RECYCLING LTD

Specialists in the Recycling and Export of Recovered Materials

In accordance with Articles 18, paragraph 2 of the Council Regulation (EC) No 1013/2006, the supplier is legally obliged to take the waste back if the shipment has not been completed as planned or if it has been affected in violation of the Council Regulation (EEC) No 1013/2006. If necessary the supplier will in the meantime provide the storage. If it is clear that the supplier is to be blamed for this, the supplier will be charged for all the costs.

Where supplier is not in the position to take back the waste or ensure its recovery in an alternative way, without prejudice to the provisions under 1, the consignee is obliged to ensure its recovery in an alternative way (as meant in Regulation (EC) No 1013/2006) and provide if necessary, for its storage in the meantime. If it is clear that the supplier is to be blamed for this, the supplier will be charged for all the costs.

The consignee is obliged to provide, in the case of re-transfer of the waste for disposal/recovery to another Member State or to a third country, the notification of the initial country of dispatch.

The consignee is obliged to provide as soon as possible and no later than 180 days following the receipt of the waste a certificate to the supplier that the waste has been disposed/recovered in an environmentally sound manner.

In case the waste will be exported to an EFTA country the consignee is obliged to provide a confirmation of reception within 3 working days following the receipt of the waste to the government of the EFTA country together with a confirmation that the waste will be sorted in an environmentally sound matter.
